

SANDILE MFAZI

JUNIOR DATA SCIENTIST / ANALYST

<https://sandilemfazi.com>

Gaborone, Botswana | +267 77 450 897 | me@sandilemfazi.com

PROFILE SUMMARY

I'm a student whose Data Science journey is fueled by curiosity and the dopamine of conquering challenges, determined to connect with businesses and drive innovation in the Data Science Process. My expertise includes innovative research, the discovery of facts & reporting conclusions, recommendations, and cross-functional team collaboration to meet the organization's needs. I am highly motivated by the large endless amounts of untapped data with answers to questions I haven't even thought off.

EDUCATION

BSc (Hons) Business Intelligence & Data Analytics (not yet completed) Sept 2020 - May 2025

Botswana Accountancy College, Gaborone

- Team-Leader on a Research & Innovation Project
- Studied Business Process Analysis, Business Intelligence, Data Warehousing, Data Analytics & Business Management

WORK EXPERIENCE

Data Analyst | Power BI Visualization Jun 13, 2022 - Jun 24, 2022

Freelancing on UPWORK

- 80% of the time was spent consolidating data from different data sources
- 20% of the time was spent Visualizing the Data using MS PowerBi
- Tools I used: Python, MS Excel Power Query, SSIS, & MS PowerBi

LICENSES & CERTIFICATIONS

Google Data Analytics Certificate

Coursera, Online

Issued Nov 2021

In this certificate, I have completed eight courses, developed by Google, that include hands-on, practice-based assessments which are designed to prepare me for introductory-level roles in Data Analytics. I'm competent in tools and platforms including spreadsheets, SQL, Tableau, and R. I now know how to prepare, process, analyze, and share data for thoughtful action.

RELATED PROJECT EXPERIENCE

House Price Prediction in Gaborone

Portfolio Project

June 2022

- I collected data, created a House Prices Dataset, and tested my regression skills by designing an algorithm that predicted house prices in Gaborone, Botswana fairly accurately.
